

START WITH TRUST™: Local Firm Honored for Business Ethics

The Accountant's Office is BBB Bureau Business Ethics Award Finalist

As a celebration of ethics, the Business Ethics Awards was established by the Better Business Bureau to recognize outstanding local businesses that maintain a solid commitment to ethics and trust. This year over 300 local firms were nominated for this prestigious award. Of those nominated, 15 finalists are selected – 3 in each of 5 categories based on the number of employees. The Accountant's Office, LLC owned by Harbour Club resident Carolyn J. Brown was honored as a finalist in the 1 to 10 employee category.

“This is a huge honor,” says Brown. “I couldn't be more proud of my team who work so hard to serve and protect our clients and to always do the right thing. They are fantastic!”

In a time when you hear lots of negatives about business practices, it's nice to be able to focus on the positive. “I love that the motto of the Better Business Bureau is ‘Start with Trust™’,” says Brown. “To start with and maintain trust is the only way to have a successful business relationship or any relationship for that matter.”

The award was presented at a gala event at The Arizona Biltmore Resort and Spa on April 30th. Noted author Ken Blanchard was the keynote speaker.

The Accountant's Office is recognized by the BBB as an A+ Rated Accredited Business. Operating for almost 8 years, they provide services for businesses and non-profit organizations including Your Virtual Accounting Office™ and business bill paying. They also do personal bill paying for individuals.
